Material Safety Data Sheet			
Company Identification			
Name:	Owen Biosciences, Inc.	24 Hr. Contact Name:	Dr. Don Owen
Address:	7053 Revenue Drive Baton Rouge, LA 70809	24 Hr. Emergency No.	225-752-4573
			225-752-4573
Chemical Identification			
Trade Name:	Ultra Mild Cleanser	Synonyms:	NA
Chemical Name:	NA	Registry Number(s):	NA
Molecular Formula:	NA		
Hazardous Ingredients			
Material or Components:		Hazard Data:	
No hazardous components contained in this product		NA	
Shipping Information			
DOT Shipping Name:		Product is not hazardous according to DOT Regulations for ground transportation	
ID Number:		NA	
Hazard Classification:		NA	
Physical Properties			
Boiling Point/Range, °C/°F	Not Determined	Solubility in H ₂ O:	Soluble
Melting/Freezing Point, °C:	Not Determined	Vapor Pressure:	Not Determined
Specific Gravity (H ₂ O) = 1:	0.90-1.10	Vapor Density (Air = 1):	Not Determined
Evaporation Rate:	Not Determined	% Volatiles by Volume:	Not Determined
Flammability:	Not Determined	Appearance & Odor:	Clear-Yellow Gel, None

Fire and Explosion Data	
Flash Point, °C/°F	Complete information is not yet available
Extinguishing Media:	
NA.	
Special Fire Fighting Procedures:	
Wear a self-contained breathing apparatus with a full face piece operated in the positive pressure demand mode with appropriate turn-out gear and chemical resistant personal protective equipment	
Unusual Fire & Explosion Hazards:	
NA	
Reactivity Data	
Stability:	Stable
Conditions Contributing to Instability:	Excessive heat can cause product to separate
Incompatibility (avoid contact with):	Not Determined
Hazardous Decomposition Products:	Not Determined
Conditions to Avoid:	Excessive heat
Spill or Leak	
Steps to be Taken if Material is Released or Spilled:	
Wipe up or scrape up and contain for salvage or disposal. Dispose of saturated absorbent or cleaning materials appropriately.	
Disposal Procedure:	
Dispose of in accordance with all applicable local, state and federal regulations	
Precautions to be Taken in Handling and Storing:	
NA	
Other Precautions:	
NA	

Toxicity	
Toxicity of Components:	
No known applicable information	
Carcinogenicity:	
No known applicable information.	
Reproductive Effects:	
No known applicable information	
Health Hazard Information	
Effects of Exposure:	
Inhalation:	Skin Contact:
No known applicable information	No known applicable information
Eye Contact:	Skin Absorption:
Direct contact may cause mild irritation	No known applicable information
Ingestion:	Chronic Effects:
Low ingestion hazard in normal use	No known applicable information
Target Organs:	
No known applicable information	
Emergency First Aid:	
Ingestion:	Skin Contact:
No first aid should be needed Treat symptomatically	No first aid should be needed Treat symptomatically
Eye Contact:	Inhalation:
Immediately flush eyes with water for 15 minutes. If irritation persists seek medical attention.	No first aid should be needed Treat symptomatically

Special Protection Information			
Ventilation Requirements:			
For normal use no ventilation is required. If bulk product is being worked with then general ventilation is recommended			
Eye:	Normal use no protective eye wear is required		
Hand (Glove Type):	None		
Respirator Type (use only NIOSH/MESA approved equipment):	None		
Other Protective Equipment:			
NA			
Label Precautions			
Hazard Code:			
Health:	0	Reactivity:	0
Flammability:	0	Contact:	NA
Precautionary Labeling:			
For external use only. Avoid contact with eyes. Discontinue if irritation occurs			
Other Storage and Handling Conditions:			
NA			
<p>The above information is accurate to the best of my knowledge. However, since data, safety standards, and government regulations are subject to change and the conditions of handling and use or misuse are beyond our control, Therapeutic Peptides Inc. NA	
Special Fire Fighting Procedures:	
NA	
Unusual Fire & Explosion Hazards:	
NA	
Reactivity Data	
Stability:	Stable
Conditions Contributing to Instability:	NA
Incompatibility (avoid contact with):	None
Hazardous Decomposition Products:	None
Conditions to Avoid:	None
Spill or Leak	
Steps to be Taken if Material is Released or Spilled:	
Small Spill: Absorb liquid with vermiculite or other absorbent material. Large Spill: Stop spill at source. Prevent from entering drains, sewers, streams or other bodies of water. Prevent from spreading. Pump or vacuum transfer spilled product to clean containers for recovery. Absorb unrecoverable product	
Disposal Procedure:	
Dispose of in accordance with all applicable local, state and federal regulations	
Precautions to be Taken in Handling and Storing:	
No special precautions necessary for handling. Keep container tightly closed when not in use and away from extreme heat and cold.	
Other Precautions:	
NA	

Toxicity

Material Safety Data Sheet			
Company Identification			
Name:	Owen Biosciences, Inc.	24 Hr. Contact Name:	Dr. Don Owen
Address:	7053 Revenue Drive Baton Rouge, LA 70809	24 Hr. Emergency No.	225-752-4573
			225-752-4573
Chemical Identification			
Trade Name:	Ultra Performing Sunscreen SPF 25	Synonyms:	NA
Chemical Name:	NA	Registry Number(s):	NA
Molecular Formula:	NA		
Hazardous Ingredients			
Material or Components:		Hazard Data:	
Cyclopentasiloxane		NFPA Rating Health - 1, Flammability - 2, Reactivity - 0	
Shipping Information			
DOT Shipping Name:		Flammable Solid, Organic, N.O.S.	
ID Number:		UN1325	
Hazard Classification:		4.1	
Physical Properties			
Boiling Point/Range, °C/°F	Not Determined	Solubility in H ₂ O:	Not Determined
Melting/Freezing Point, °C:	Not Determined	Vapor Pressure:	Not Determined
Specific Gravity (H ₂ O) = 1:	0.90-1.00	Vapor Density (Air = 1):	Not Determined
Evaporation Rate:	Not Determined	% Volatiles by Volume:	>40%
Flammability:	Complete information is not yet available	Appearance & Odor:	Flesh Tone Thixotropic Solid, None

Fire and Explosion Data	
Flash Point, °C/°F	Complete information is not yet available
Extinguishing Media:	
On large fires use dry chemical, foam or water spray. On small fires use carbon dioxide (CO2), dry chemical or water spray. Water can be used to cool fire exposed containers	
Special Fire Fighting Procedures:	
Wear a self-contained breathing apparatus with a full face piece operated in the positive pressure demand mode with appropriate turn-out gear and chemical resistant personal protective equipment	
Unusual Fire & Explosion Hazards:	
Static electricity can accumulate and may ignite vapors. Prevent a possible fire hazard by bonding and grounding or inert gas purge.	
Reactivity Data	
Stability:	Stable
Conditions Contributing to Instability:	NA
Incompatibility (avoid contact with):	Strong oxidizing agents can cause a reaction
Hazardous Decomposition Products:	May form: Carbon Dioxide and Carbon Monoxide
Conditions to Avoid:	None
Spill or Leak	
Steps to be Taken if Material is Released or Spilled:	
Remove possible ignition sources. Determine whether to evacuate or isolate the area according to your local emergency plan. Wipe up or scrape up and contain for salvage or disposal. Clean area as appropriate since some silicone materials may present a slip hazard. Final cleaning may require steam, solvents or detergents. Dispose of saturated absorbent or cleaning materials appropriately, since spontaneous heating may occur.	
Disposal Procedure:	
Dispose of in accordance with all applicable local, state and federal regulations	
Precautions to be Taken in Handling and Storing:	
When working with large quantities, use with adequate ventilation. Avoid eye contact. Static electricity will accumulate and may ignite vapors. Prevent a possible fire hazard by bonding and grounding bulk containers five gallons and larger.	
Other Precautions:	
NA	

Toxicity	
Toxicity of Components:	
No known applicable information	
Carcinogenicity:	
No known applicable information.	
Reproductive Effects:	
No known applicable information	
Health Hazard Information	
Effects of Exposure:	
Inhalation:	Skin Contact:
No known applicable information	No known applicable information
Eye Contact:	Skin Absorption:
Direct contact may cause mild irritation	No known applicable information
Ingestion:	Chronic Effects:
Low ingestion hazard in normal use	No known applicable information
Target Organs:	
No known applicable information	
Emergency First Aid:	
Ingestion:	Skin Contact:
No first aid should be needed Treat symptomatically	No first aid should be needed Treat symptomatically
Eye Contact:	Inhalation:
Immediately flush eyes with water for 15 minutes. If irritation persists seek medical attention.	No first aid should be needed Treat symptomatically

Special Protection Information			
Ventilation Requirements:			
For normal use no ventilation is required. If bulk product is being worked with then general ventilation is recommended			
Eye:	Normal use no protective eye wear is required		
Hand (Glove Type):	None		
Respirator Type (use only NIOSH/MESA approved equipment):	None		
Other Protective Equipment:			
NA			
Label Precautions			
Hazard Code:			
Health:	1	Reactivity:	0
Flammability:	2	Contact:	NA
Precautionary Labeling:			
Keep away from fire or other ignition sources			
Other Storage and Handling Conditions:			
NA
