Gutta Percha Points

8. Exposure control / Personal protection

Precautionary measures to be taken during use: usual in the dental cabinet
Respiratory protection: -
Hand protection: -
Eye protection: -
Skin protection: -
Oral tissues protection: -

9. Physical and chemical properties

Appearance: stiff, bendable, tapered points
Odour: no
Colour: white or pink or color coded
pH: -
Flammability: -
Other data: -

Solubility: Chloroform, Eugenol, Eucalyptol
Insolubility: water
Density: 2.63
Melting point: 65°C
Boiling point: -

10. Stability and reactivity

Stability: 5 years
Conditions to avoid: heat (over 35°C) and exposure to direct light
Materials to avoid: -
Hazardous decomposition products: -

11. Toxicological information

-

12. Ecological information

-

13. Appropriate method of disposal

-
N.B. Respect any national or regional provisions which may be in force.

14. Transport information

-
UN regulation:
Brussel's harmonized tariff Nr.: 3006.40

15. Regulatory information

-

16. Other information

-

Date of emission of the data sheet: 12.01.2007 Date of previous revision: 03.12.1998
