# MATERIAL SAFETY DATA SHEET

Version 1:February 2009

#### 1) Identification of the Preparation and Company Trade Name

ALKAPHARM ULTRA-WIPES 'expert'.

Cleaning / Disinfection Wipes for Hard Surfaces.

Company: ALKAPHARM UK LTD

UNITS 1-3

PILLATON HALL FARM

PILLATON PENKRIDGE STAFFORDSHIRE ST19 5RZ

# 2) Information on Ingredients

Components contributing to the risk factor:

Chemical nature: Non woven impregnated with disinfecting solution

COMPONENTS	CAS No.	CONCENTRATION % IN WEIGHT	HAZARD CODE	CLASSIFICATION R PHRASES
Ethanol	64-17-15	<10 %	F	11
Butoxypropanol	5131-66-8	< 5%	Xi	36/38
Methoxypropanol	107-98-2	< 5%	/	10

# 3) Hazards - Identification

#### **Adverse Human Health Effects:**

Does not present any specific hazards, provided handling is in accordance with the suppliers proposed method of use.

#### **Environmental Effects**

Presents no particular risk to the environment provided the recommendations concerning disposal and any applicable national or local regulations are complied with.

#### Physical / Chemical Hazards:

Not classified as flammable by EC criteria but may present a hazard in the event of a fire.

Classification: This product is not classified as a 'hazardous preperation'.

# 4) First Aid Measures

First aid measures / INHALATION:

Ensure plenty of fresh air.

First aid measures / EYE CONTACT:

In case of contact with eyes, rinse thoroughly with plenty of water and seek medical advice

First aid measures / SKIN CONTACT:

Rinse with plenty of water

# 5) Fire - Fighting Measures

Suitable extinguishing media: Foam,. Dry Powder. Carbon Dioxide (CO2)

# 6) Accidental Release Measures

**Environmental precautions:** Do not discharge into the environment.

**Recovery:** Recover the product by mechanical means.

**Disposal:** Dispose of materials in accordance with current regulations.

# 7) Handling and Storage

Handling: Does not require any specific technical measures.

Storage: Store in a cool dry area.. Keep only in original packaging.

#### 8) Exposure Controls / Personal Protection

No specific measurers are required provided the product is handled in accordance with the general rules of occupational hygiene and safety.

# 9) Physical and Chemical Properties

Appearance:

Form - Tissues (saturated)

Colour - White Odour - Characteristic

Solubility in water - Complete.

# 10) Stability and Reactivity

No hazardous reaction known in normal use

# 11) Toxicological Information

No particular risk when handled in accordance with good practice.

Acute toxicity: Methoxypropanol: LD 50 (rat): 7200 mg/kg. Butoxypropanol: LD 50 (rat) 2700 mg/kg.

# 12) Ecological Information

Avoid discharge of the product as is into the environment.

# 13) Advice on Disposal

The product can be disposed of within domestic garbage.

Uncontaminated packaging may be taken for recycling.

NOTE: The users attention is drawn to the possible existence of European, national or local regulations regarding waste Disposal.

# 14) Transport Information

Not restricted.

# 15) Regulatory Information

EC LABELING OF THE IMPREGNATION LIQUID: No R or S phrase.

#### 16) Other Information

These data are given according to the present level of knowledge. They are describing our product regarding the actual safety requirements and therefore do not guarantee special characteristics.

This product must not be used for any application other than mentioned in section (1)
